

Sam Phelan

# Pseudocode Addition Tool

## The Objective

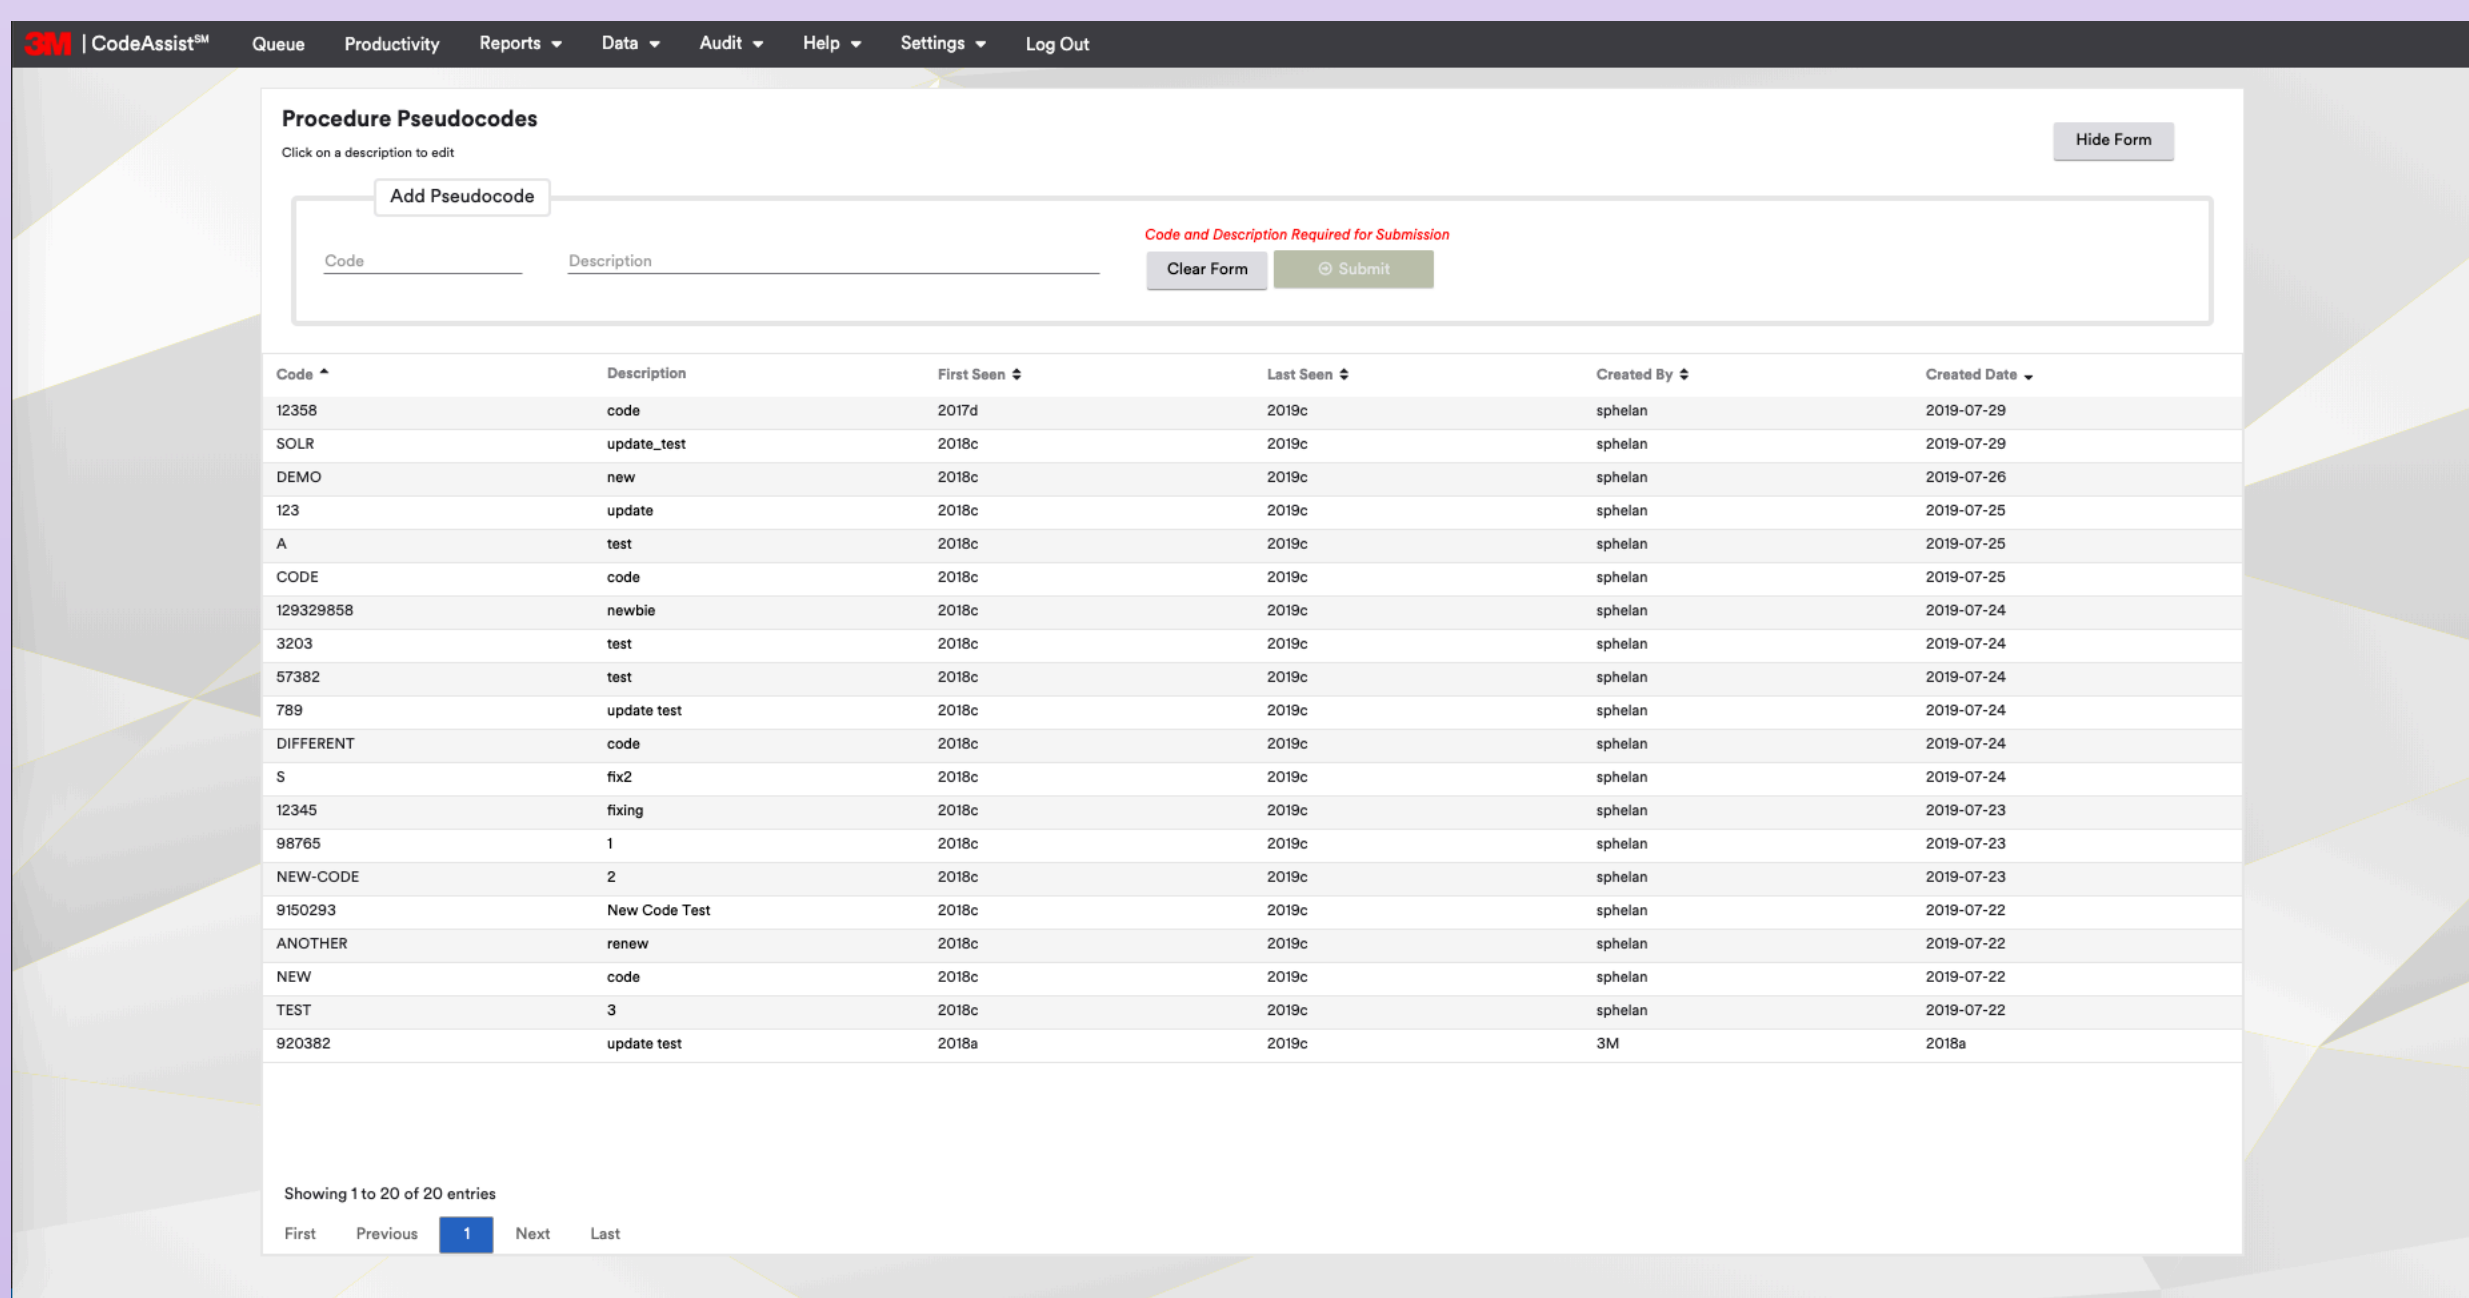

## The Process

- Developed two webservices
- Created new table for auditability
- Implemented UI
- Completed unit/integration testing

## The Results

- Developed working knowledge of new technologies:
  - Perl
  - MySQL
  - MVC-UI dev
  - Testing frameworks
- Performed end to end development
  - Backend/frontend
  - Demo/deployment
- Participated in Agile work environment
  - SCRUM – Illuminati Team
